## Professional Summary

Experienced Salesforce Developer with 2.9 years in both administration and development roles. Demonstrates a solid understanding of Salesforce's technical and functional aspects, including a strong proficiency in Apex and Lightning Components. Well-versed in Salesforce architecture and best practices, ensuring efficient and effective solutions.

## Employment History

### Packaged App Development Analyst, Accenture, Pune

May, 2023 - Present

- Boosted productivity by 30% for the Unilever client by developing and optimizing Salesforce solutions, including Apex, Lightning Web Components (LWC), and Flows.
- Diagnosed and resolved complex issues using Apex, conducted code reviews, and optimized Apex code for efficient performance.
- Implemented automation using a scheduled flow to delete inactive carts on the B2B site, preventing ordering discrepancies and enhancing operational efficiency.
- Worked on user activation and deactivation automation using a custom batch class, effectively managing user license allocation and improving operational efficiency.
- Actively participated in scrum calls and client interactions, providing regular updates on project progress and addressing any blockers.
- Expert in Flows, Triggers, Aura Components, LWC, Process Builder, Workflows, and REST API integration.

### Packaged App Development Associate, Accenture, Pune

September, 2021 - April, 2023

- Actively participate in scrum calls and client interactions, providing regular updates on project progress and addressing any blockers.
- Handled all elements of user and license administration, including setting up new users, deactivating accounts, and defining roles, profiles, permissions, public groups, OWD, and sharing rules.
- Managed the full development lifecycle of monthly user stories, from initial requirements gathering to deployment.

## Education

### Bachelor of Engineering, Shivaji University

June, 2018 - June, 2021

Major in Computer Science & Engineering CGPA: 8

### Diploma in Computer Science, Maharashtra State Board of Technical Education

June, 2015 - May, 2018

Major in Computer Science and Engineering CGPA: 8
